## Lay Responder First Aid, CPR/AED Instructor Pre-Test and Skills Evaluation

**You must successfully pass the pretest and skills evaluation test without any coaching from the instructor or a video (conducted at the beginning of the class).**

**Skills include:**

- ✓ **Written exam (must achieve an 80% or better one attempt only)**
- ✓ **Removing gloves**
- ✓ **Checking an Unconscious Adult, Child and Infant**
- ✓ **Care for a Conscious Choking Adult, Child and Infant**
- ✓ **Care for an Unconscious Choking Adult, Child and Infant**
- ✓ **Rescue Breathing for Children and Infants**
- ✓ **CPR for an Adult, Child and Infant**
- ✓ **Using an AED on an Adult and Child**
- ✓ **Controlling external bleeding**
- ✓ **Splinting Techniques**

**Although current basic First Aid/Adult/ Infant/Child CPR/AED American Red Cross certifications are not required to enroll in this instructor course, IT IS STRONGLY RECOMMENDED that participants should have attended a full class containing all of the components within six months prior to the instructor course or obtain a copy of the basic American Red Cross participant manual for review prior to the first date of the course.**
