CPR/AED for the Professional Rescuer Instructor Prerequisites

- Minimum age of 17 on or before the end of the course.
- Must possess a current Fundamentals of Instructor Training (FIT) certification issued within one year of the course. This instructor course does include FIT held during the weekend.
- Successfully pass the basic certification course held during the first weekend of the course.

Course Information:

- To receive instructor authorization, candidates must attend all sessions, successfully complete the pre-course, successfully pass the required practice-teaching assignments according to American Red Cross guidelines, demonstrate competency in all required skills throughout the entire course, and score at least 80% on all written examinations.
- Participants failing to successfully pass the basic course will not be allowed to continue through the program. See previous page for refund policy.
- Participants are encouraged to arrive 10 minutes early to all sessions.
- Participants should bring lunch.
- Successful course completion requires full participation in classroom and skill sessions, as well as successful performance in skill and knowledge evaluations. Due to the nature of the skills in this course, you will be participating in strenuous activities, such as performing CPR on the floor. If you have a medical condition or disability that will prevent you from taking part in the skills practice sessions, please discuss it with your instructor or contact the chapter.
- Instructor course acceptance does not ensure course completion. Course completion and certification are based on the participant's progress throughout the entire course.
